The Student Assessment & Reporting System was developed to provide a user friendly environment providing Student Information System (Banner) data with the School of Education Assessment data.

The system is area specific (C&I, EPPL, and SPACE). Faculty may view students within areas they have taught.

NAVIGATION

The main navigation consists of tabs, breadcrumbs, and sidebar links.

TOP NAVIGATION BAR: Main Tabs

The top navigation bar consists of each SPACE specific area of concentration.

The Student Listing report for the current term is the default report view for all main tabs (Community & Addictions, Community Counseling, Family Counseling, School Counseling, and School Psychology).

TOP NAVIGATION BAR: Breadcrumbs

Breadcrumbs are used as a secondary navigation on the top navigation bar. They are active links when you are not on the page that corresponds with the link. Use these instead of your back button to navigate within each main tab.

LEFT SIDEBARS

All specific areas have a left sidebar(s). The sidebars are displayed based on the specific areas data collection. For example, the Community Counseling has a practicum, an internship and an internship portfolio. Each sidebar link takes you to assessment specific dynamic data for generating reports.
**SECONDARY NAVIGATION BAR: Student Dashboard**

The Student Dashboard provides student specific data. You can access the Student Dashboard within each area tab or by clicking on the Search Tab and searching for a specific student.

<table>
<thead>
<tr>
<th>SECONDARY TAB</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Courses</td>
<td>Provides a listing of courses for the current student. The list contains: term, course grade, subject code, course number, and course title. (banner specific data)</td>
</tr>
<tr>
<td>Assessments</td>
<td>Provides a listing of all assessments that have been submitted through the SOE assessment system. <em>(NOTE: Currently these do not link, however they will in the near future)</em></td>
</tr>
<tr>
<td>Standardized Tests</td>
<td>Provides a listing of all standardized tests on record with the School of Education (banner specific data)</td>
</tr>
<tr>
<td>Semester Review</td>
<td>Provides data IF the student demonstrated performance based ratings of below expectations or exceeds expectations. It also provides input of faculty and lists the recommendations for each. <em>(under development)</em></td>
</tr>
<tr>
<td>Awards</td>
<td>Provides a listing of awards the student may have received. <em>(under development)</em></td>
</tr>
<tr>
<td>GPA/Program</td>
<td>Provides the student GPA as well as all Program information. (banner specific data)</td>
</tr>
