

READING SPECIALIST ENDORSEMENT

POST-PROFESSIONAL CERTIFICATE

If you already hold a master's degree, this program offers coursework for you to become a certified reading specialist in Virginia. Our post-professional online certificate specializes in literacy leadership and focuses on current, research-based effective instruction in literacy.

W&M POST-PROFESSIONAL CERTIFICATE COHORT:

- 21-credit fully online program, offered in 7-week terms
- Complete certificate in 14 months (two semesters + two summers)
- Designed for certified teachers
- Prepares teachers to add Reading Specialist endorsement
- Teachers can continue working while earning the degree
- Led by nationally recognized faculty in literacy

Feedback from our students:

"This program has been such an eye opening experience. As educators, we commit ourselves to being life long learners. I truly feel like this program has given me the tools to put research into practice and make a difference in not just my classroom but my school as a whole."

"I am an educator of 21 years and I truly look forward to each lesson so I have something new to use with my students. I would definitely say this program is one I would hold in high regard for doing what's best for our students. It's not just busy work, it's what we as educators long for, which is knowledge."
