## BE A COMMUNITY DIRECTOR GRADUATE ASSISTANT!

Community Directors (5), as members of the Office Residence Life and part of the Campus Living Thematic Area, are responsible for assisting professional and student staff in developing community within an assigned residential area. Under the supervision of an Area Director, Community Directors actively engage with students and staff to build positive communities within their residential area of oversight, promote learning initiatives as a part of the department's education plan, and support and empower students through their overall college experience.
