The William and Mary Project Athena Observation Scales Guidelines

Please review and follow the protocol outlined below when conducting Project Athena classroom observations.

- ➤ Introduce yourself and your partner to the classroom teacher.
- Ask where he/she would like for you to sit during the observation.
- ➤ Confirm your meeting time after the lesson.
- ➤ Complete the demographics section (except the service delivery model) on the Classroom Observation Scale (COS) as available. Confirm the service delivery model with the coordinator.
- ➤ Complete the COS script sheet during the observation.
- Meet with the teacher to ask the *Teacher Interview Questions*. Write responses on page 14. (Remember, you have less than 15 minutes to meet with the teacher.)
- ➤ Using the results of your script and teacher response data, complete the COS checklist by yourself. Make sure there are no blank items on the COS.
- ➤ Using the results of your script regarding student participation and response, complete the Student Observation Scale (SOS) by yourself.
- ➤ Meet with your partner and reach consensus on the teacher and student observation scales. Together, complete the consensus forms for the teacher observation and student observation. Write the same information in each packet.
- ➤ Together, complete the Treatment Fidelity Form. Write the same information in each packet.
- ➤ Paper clip and submit your packet and your partner's packet for each observation.
- SMILE AND REPEAT THE PROCEDURE!
- Note: It is imperative that all forms be completed on the same day of the observation. However, it is highly improbable that forms can be completed immediately after each observation due to the timing of scheduled observations. Be sure your script is as complete as possible for later reference.

The William and Mary Classroom Observation Scales, Revised (Part 1) Teacher Observation

Joyce VanTassel-Baska, Ed.D. Bruce Bracken, Ph.D.

Linda Avery, Ph.D. Dianne Drummond, M.Ed. Jeanne Struck, Ph.D. Tamra Stambaugh, M.Ed. Annie Feng, Ed.D.

Observer		Date# of minut	es observed
School	·····	Grade	
Teacher		Course/lesson Observed	
Student Information:	Total #		
Observed Gender:	#Boys	#Girls	
Observed Ethnicity:	#White	#African American	#Hispanic
	#Asian American	#Other	
Gifted:	#Identified Gifted		
Classroom Desk Arrange	ment: Desks in rows and	d columns Desks in groups_	Desks in circle
Other (specify)			
Service Delivery Model:	(as designated by the coord	dinator)	
Self-cont	ained Inclusion	Cluster group Pullout	Other

Please outline what you have observed in the classroom with respect to curriculum and instruction-related activities. Describe the specific lesson, its organization, instructional methods used, characteristics of the learning experience and environment, texts and materials used, questions asked by the teacher, and any other relevant observations and impressions that may influence your completion of the attached checklist.

Lesson Outline: (See attached lesson plan script, pp. 11-13)

Texts and Materials: (List any materials, novels, texts, etc. used by students and/or the teacher.)

Teacher Interview Questions

Discuss the following questions with the teacher observed after each observation period. (Approximate time: 15 minutes)

- 1. Did you have a written lesson plan for this lesson? ____ yes ____ no
- 2. How would you characterize the purpose of the lesson?
- 3. What were your instructional objectives for the previous lesson with this class?
- 4. What content will you cover in your subsequent lesson?
- 5. What plans do you have to address homework or extensions of this lesson?
- 6. How do you intend to assess outcomes for this lesson? Final outcomes for the unit?
- 7. Are there any aspects of the lesson you would like to clarify before this observation is finalized?

Write responses on page 14.

The William and Mary Classroom Observation Scales, Revised (Part 2) Teacher Observation

Joyce VanTassel-Baska, Ed.D. Bruce Bracken, Ph.D. Linda Avery, Ph.D.
Dianne Drummond, M.Ed.

Jeanne Struck, Ph.D. Annie Feng, Ed.D.
Tamra Stambaugh, M.Ed.

Directions: Please employ the following scale as you rate each of the checklist items. Rate each item according to how well the teacher characteristic or behavior was demonstrated during the observed instructional activity. Each item is judged on an individual, self-contained basis, regardless of its relationship to an overall set of behaviors relevant to the cluster heading.

3=Effective	2=Somewhat Effective	1=Ine	effective	N/	O = Not Ob	served
The teacher evidenced careful planning and classroom flexibility in implementation of the behavior, eliciting many appropriate student responses. The teacher was clear, and sustained focus on the purposes of learning. Consensus Form

The William and Mary Classroom Observation Scales, Revised (Part 4) Treatment Fidelity

Directions: The following observation scale addresses the fidelity of implementation in the William and Mary Language Arts units. After reaching consensus with your observation partner, please check the relevant category describing the teacher's implementation of key instructional models.

Lesson #					
The teacher	Effective	Somewhat Effective	Ineffective	N/A	Comments
Content:					
1. instructed/practiced literary analysis and interpretation (literature web).					
2. instructed/practiced word analysis (vocabulary web).					
3. instructed/practiced persuasive writing (hamburger model).					
4. instructed/practiced grammar activities.					
5. structured questions for discussion of readings.					
6. enhanced oral communication.					
Process					
7. instructed/practiced the reasoning model.					
8. instructed/practiced the research model.					
Concept					
9. instructed/practiced concept mapping.					
10. emphasized "change" in instruction and assignments.					
11. instructed/applied unit generalizations about change.					
12. emphasized relevant concepts, themes, or ideas in instruction and assignments.					

Consensus Form

The William and Mary Classroom Observation Scales, Revised (Part 2) Teacher Observation

Joyce VanTassel-Baska, Ed.D. Linda Avery, Ph.D. Jeanne Struck, Ph.D. Annie Feng, Ed.D. Bruce Bracken, Ph.D. Dianne Drummond, M.Ed. Tamra Stambaugh, M.Ed.

Directions: Please employ the following scale as you rate each of the checklist items. Rate each item according to how well the teacher characteristic or behavior was demonstrated during the observed instructional activity. Each item is judged on an individual, self-contained basis, regardless of its relationship to an overall set of behaviors relevant to the cluster heading.

3=Effective	2=Somewhat Effective	1=Ine	effective	N/	O = Not Ol	bserved

Student Responses to General Classroom Teacher Behaviors

Students:

26. demonstrated a high level of performance.						
27. applied new learning.						
28. demonstrated planful, monitoring, or evaluating behavior.						
29. articulated thinking process (e.g., verbal mediation).						
30. reflected on learning

William and Mary Classroom Observation Scales, Revised Teacher Interview Form

Ouestions	Teacher Responses
Did you have a written lesson plan for this lesson?	ou ses
How would you characterize the purpose of the lesson?	
What were your instructional objectives for the previous lesson with this class?	
What content will you cover in your subsequent lesson?	
What plans do you have to address homework or extensions of this lesson?	
How do you intend to assess the outcomes for this lesson? Final outcomes for the unit?	
Are there any aspects of the lesson you would like to clarify before this observation is finalized?
