

August 12th - 16th  
1:00 pm - 3:00 pm

## Math Mind

7th-9th

Are you ready to use your Math Mind? The students will use visual representations and modeling strategies to solve complex problems; a consistent concrete-pictorial-abstract progression; and strong development of both conceptual understanding, place value, and computational fluency so students understand the “how” as well as the “why.”

Students will be learning advanced concepts often overlooked in traditional math classes such as sets, relations, functions, Logic, and advanced calculator skills.

**COMING  
SOON**

Check back to see what  
other classes we add for the  
Summer!
