

February 22ND

9:30 AM - 3:00 PM

Create Your Own Arcade Game **3rd -5th Grade**

Have you ever wondered how games were created? Are you interested in learning to code? This coding course will use the block-based programming languages of Microsoft Make Code and Scratch to teach you how to design and code your own game. Get ready to problem-solve like a sleuth and debug like a programmer. You will work with others to enhance your game and create multiple levels of fun!

The Art of Drawing **4th-7th**

Welcome to Drawing Class, where your imagination takes the lead! Whether you're a doodler or a detail-lover, this class is all about exploring your creativity. From sketching basics to bold masterpieces, we'll dive into techniques that make your ideas come to life. Grab your pencils, let's turn those blank pages into works of art!

Debating for Impact **6th-8th**

Welcome to debate and public speaking. Students will be introduced to public speaking and will practice these skills while debating important current and/or historical topics that influence American society today. This is an "On your feet" competitive, and highly participatory course that is geared toward the development and enhancement of communication for both debating and public speaking. Students will learn how to prepare arguments for and against a position, listen and learn critical thinking, and how to speak persuasively on a topic.
